

Christian Hall

Product Engineer

EXPERIENCE

Lead UI Engineer

Jun 2021 - March 2022, Remote

Parade

- Lead development of product for an early stage design tool startup, starting with an entire UI rewrite within 3 months of starting.
- Taught small engineering team best practices for product development.
- Built a Figma plugin for programmatically generating design assets.

Senior Software Engineer

October 2020 - Jun 2021, Remote

Tuft & Needle

- Worked on small teams to migrate Product Display Pages to NextJS and build out the early stages of a design system, resulting in increased revenue, site performance, and team collaboration.

Senior Software Engineer

September 2016 - October 2020, Nashville, TN

GoNoodle, Inc.

- Lead software development efforts across web and mobile platforms with React and React Native.
- Built out and maintained features for large, complex web apps that served over a million users worldwide.
- Helped plan out and implement several major infrastructure overhauls to the codebase, including moving away from a monolithic app to a split front end and backend and a migration from Marionette to React.

Lead Developer

July 2015 - September 2016, Jackson, MS

Good Design & Code

Lead Front End Engineer

May 2014 - July 2015, Ridgeland, MS

EdgeTheory

PERSONALITY

- Focused on building usable and maintainable products.
- Experienced in working across a variety of disciplines in startups.
- Skilled in coordinating small development teams in a leadership role.
- Adept in communicating with a diverse range of colleagues and clients verbally and in writing.
- Dedicated to lifelong learning in languages and development.

EDUCATION

Bachelor of Science in Software Engineering, Summa Cum Laude

Mississippi State University, 2010-2014
